Chaska, MN 55318

September 30, 2020

Heidi and I are considering an additional garage to build on our property to house our vehicles. The City of Chanhassen requires that we notify neighbors that are within 500 feet of our property to alert and get approval of a project like this.

A variance is required where we will have to buy signage from the city to post for the public to see as well.

The garage that we are proposing is approximately 48 x 32 feet in floor dimension and to be placed north of the existing garage. It will be placed properly as required from the bluff and property lines. We intend to construct it of wood framing with a siding to match existing buildings on the property.

As well we intend to add an 8 x 10' addition to the "summer kitchen" that you see on the driveway.

Both of these will be presented to the city and with said variance posted on the property.

My intent is to let you, our neighbor, know what we intend to do and as for your approval to present to the city in recourse.

As you can see in the attached 1): location on the property, 2): addition location of the garage and addition to the summer kitchen.

Would you please mark the attached note of approval if you find no negative issue in obstruction or other issue to your property from this construction.

We are grateful for your participation and help to us in getting approval from the city for this project.

CITY OF CHANHASSEN
RECEIVED

DEC 31 2020

CHANHASSEN PLANNING DEPT

And with best regards,

Please return in the stamped envelope.

As a neighbor and property owner adjoining to Ed Myslivecek and Heidi Abramovich at 10151 Great Plains Blvd, Chaska, MN 55318, we find no reason that the enclosed project would have a negative affect to us and find the city to approve of said project.
