Reasons for seeking this position*

I am seeking reappointment to the Environmental Commission for a second term so that I can continue to help to further refine and grow the Commission’s outreach programs. During my term, the Commission added a fall event for the community to our outreach program and we are working on adding a spring event in the future. We are also looking at different ways that we can use social media to promote environmentally-friendly education. I would appreciate the opportunity to continue to educate the Chanhassen community on important environmental issues.

Specific qualifications for this position*

I am at the end of my first three-year appointment to the Environmental Commission and I am currently the Chair. During my time on the Commission, I have written two articles on holiday recycling for the Chanhassen Villager; participated and helped plan the Commission’s outreach programs at the July 3rd Chamber of Commerce Business Expo; participated and helped coordinate two Commission-sponsored community events (Energy Efficiency in October 2019 and the Zero-Waste Workshop in October 2020); and participated in two Arbor Day events (2018, 2019).
