3/9/2020	Elizabeth	Provinzino	Zoning for short term rental	Property next door was purchased for sole purpose of short term rental. It is a party house with 20+ vehicles parked on the streets and people outdoors at all hours smoking. As a resident I believe it is not acceptable to run a business in our residential neighborhood. I suggest review if zoning to amend rules to limit the ability for short term rental as in VRBO	See next CARF	Jake Foster	See next
3/9/2020	JOE	PROVINZINO	Property next door 8348 stone creek drive chanhassen has turned into a rental house and now its all a party house renting out to people we have no clue who they are, the house a party house all week and weekends cars parked on both sides of the streets and parked two cars nest to eachother down the whole driveway, this past weekend there were atleast 25 cars all over and people in and out party , coolers on the front stairs and back deck./	1947 creekview ct	See 3/9/20 City Council minutes Mayor Ryan encouraged calling VRBO as a first plan of action. She explained that the city had nuisance ordinances and that they should contact the CCSO if they should have a parking or noise complaint, etc. Jake Foster was assigned to follow up.	Jake Foster	Mr. Provinzino will continue to work with the CCSO and Chanhassen CSOs to further document any violations by the short-term rental next store. He was encouraged to call the CSO number or the CCSO non-emergency number to any time the short-term rental was causing a disturbance to further document the nuisance violations as the City does not currently have any short-term rental ordinances in the City Code.
4/27/2020	Maryanne and Gary	Halama	Regarding Parcel 13- The Halamas request that the City Council authorize the release of the Relocation Study.	Regarding the property at 670 Creekwood Drive- The Halamas have waited since November 27, 2019 for Evergreens Relocation Study. It is our understanding that Evergreens Relocation Study was completed on March 31, 2020.	See 4/27/20 City Council minutes	Charlie Howley	The relocation study was originally sent to the Halama's on 5/4/20, a revised study was provided to them on 8/4/20. Since that time, the acquisition has been finalized.

4/27/2020	KEVIN	ZAHLER	Partner with the residents of Minnewashta Parkway to make it a safe residential street.	Minnewashta Parkway is designated as a feeder road (arterial) between highway 7 and highway 5. This allows all vehicles to use the Parkway as a bypass between the two highways. This results in higher traffic volumes, industrial trucks, semis and multi-axle dump trucks using the Parkway and at elevated speeds. This is also a safety issue, especially with the number of young families, young children and the proximity to the walking path along the Parkway. The correct bypass route should be highway 41, best guess on not using highway 41 is too many stop lights and not convenient. Now, with the upcoming resurfacing we all will be assessed for the Parkway improvement. Suggesting that the City of Chanhassen partner with the residents in restricting the type of traffic allowed on the Parkway and/or reduce the speed limit to 25 MPH with proper enforcement. We also need a stronger presence in monitoring the traffic on the Parkway. We need this to be a true residential street! This is also in the best interest of the City of Chanhassen in protecting people in their use of the path, Roundhouse Park and the city beach. Suggest we follow the lead of Minneapolis and St. Paul in their support of residents with their arterial roads.	See 4/27/20 City Council minutes	Charlie Howley	Two driver's speed feedback signs and new signing/stripping for the pedestrian crossing at the King's Road intersection was/are included in the Minnewashta Parkway Rehabilitation project. Since that time, additional discussions and commitments about this topic have been made as part of the AATP.
5/11/2020	Wesley	Martin	Crosswalk painting	I want to discuss crosswalks; especially near parks or public trails parental approval: Wesley is 9 years old and completed this form independently with the permission of his parents. cm		Charlie Howley	This location was reviewed and was added to our list of crosswalks to mark.
5/26/2020	GARY AND MARYANNE	HALAMA	RELOCATION STUDY GIVEN ON MAY 4TH 2020. ASKING TO RECONSIDER.	REGARDING THE HIGHWAY 101 EXPANSION PROJECT, PARCEL 13; WE HAVE REQUESTED THAT THE RELOCATION STUDY PROVIDED, BE RECONSIDERED. THE DETAILED REQUEST WAS SENT TO STEVE CARLSON -EVERGREEN AND MAYOR RYAN ON TUESDAY, MAY 19, 2020. WE DESIRE TO KNOW THE STATUS OF THIS REQUEST. BEST REGARDS, THE HALAMAS	Refer to Charlie Howley	Charlie Howley	The relocation study was originally sent to the Halama's on 5/4/20, a revised study was provided to them on 8/4/20. Since that time, the acquisition has been finalized.

6/8/2020	David	Bishop	Rescind the Chanhassen contract with the Carver County Sheriff dept. and seek a better community services system.	My narrative is that the Carver County Policing system is broken. Chanhassen can and very likely will be another suburb like Falcon Heights, where the community upheaved because a city agent killed an innocent black man, if it doesn't stop subcontracting out it's policing obligations with no authority over who and how it's agents behave. Protect the citizens, their property and the City, by regaining control of the Cities' police powers.		CCSO	Sherrif Jason Kamerud attended the meeting and gave a presentation regarding the policies and practices of the CCSO.
7/13/2020	Daniel	Bozanich	Need permission for Fire Department to use their cherry picker to assist installation of light to top of flagpole at Chapel Hill Academy.	My name is Daniel Bozanich. I am a Boy Scout with Troop 347 in Eden Prairie. I am working on my Eagle Project for Chapel Hill Academy. Part of my project is to install solar lighting to the top of the flagpole. I would like permission to have the fire department help me install the solar lighting because the lighting fits on top of the flag pole, which is around 25 feet tall, and the school does not own a cherry picker to get up that high. I asked the fire department about it and they okayed the project, but they said I should get approval from the City Council.	Fire Department agreed to support Daniel in his project	Don Johnson	Fire Department Assisted Daniel in his Eagle Scout Project.
7/27/2020	Gretchen	Piper	No action.	Brief introduction as candidate for Minnesota state senate.			No action required
8/24/2020	Bob	Finn	I am looking for City Council guidance regarding the feasibility of naming relatively short sections of Arboretum Blvd and Audubon Rd adjacent to Paisley Park in honor of Prince Rogers Nelson.	I am requesting consideration for naming a short section of State Hwy 5/Arboretum Blvd "Prince Rogers Nelson Boulevard", in addition to a short section of Audubon Rd "Paisley Park Way", adjacent to Paisley Park. I do not know what the cost or process is for this request, I am merely at this point only looking for guidance to add a nice tribute to our long time late Chanhassen resident and music icon. I realize that Arboretum Blvd is a state highway, so that request would likely require state approval. Perhaps a City Engineer would be able to provide helpful information as well. Thank you in advance for your help and consideration.		Charlie Howley	This is still ongoing, but it has been agreed to honor Prince via memorial signage on Audubon, not an official street name change. We have the sign specs and will be obtaining some pricing. The requesting party will be responsible for funding the signs. With respect to TH5 (Arboretum Blvd), that is a State of MN matter, and not in the City's authority.

9/28/2020	Stephen	Reddington	I am asking to have the sign permit fee be waived since for my Eagle Scout project.	<p>I am constructing a sign for the Hope House that includes their address for my Eagle Scout project (Troop 409) and I'm looking to see if the permit fee can be waived since Hope House is a non profit as is the Boy Scouts (for my Eagle Scout project). I am looking to have this put in on Saturday, October 10.</p> <p>I am currently having the sign redesigned to include raised letters, and so have the sign no more than 5 feet. I wanted to get my request in to you so I can be added to the agenda for September 28 so the sign can be put in on October 10. But I can submit the design to the City Council later this week and/or at the meeting.</p> <p>I am also hoping that I may present to the City Council via Zoom for this request of the city council. thank you.</p>	Council agreed to waive the sign permit fee		Sign permit fee waived.
